Description

In approximately March 2015, the free web hosting provider [000webhost](http://[www].troyhunt.com/2015/10/breaches-traders-plain-text-passwords.html) suffered a major data breach that exposed over 13 million customer records. The data was sold and traded before 000webhost was alerted in October. The breach included names, email addresses and plain text passwords.
